Radiological Survey Data for 38 Grove Avenue, Rochelle Park, New Jersey

**E. L. Keller, Director
Technical Services Division
Oak Ridge Operations Office**

The radiological survey data for the subject vicinity property has been reviewed by the Division of Remedial Action Projects personnel. Based on these data and the reasons stated in your memorandum to DeLaney/Whitman dated 8/27/84, we concur in the proposed remedial action at the subject site (38 Grove Avenue, Rochelle Park, New Jersey) and designate it for remedial action as noted in your memorandum dated 8/27/84.

I believe that the remedial action implemented at this property will fully meet the ALARA principles, provide ample protection for the public's health and the occupants of the property in question, and be consistent with the direction of Congress to conduct a decontamination research and development project.

If there are any questions, call me on FTS 233-5439.
